

FAITH FELLOWSHIP ACADEMY

November 2022

Dear Parents

"Thank you, Mommy and Daddy." As parents we love to hear our children express their thanks. It is a gratifying sign of the spirit of thankfulness that we have instilled through our nurturing and example. Firsthand experiences can be meaningful in helping young children learn about being thankful. Children learn from the adults in their lives. They learn through adults' feelings and attitudes about being thankful. As we celebrate Thanksgiving, talk to your children about this special day and help them understand that many people go to church on Thanksgiving to worship God and give thanks to Him for all of His wonderful gifts to us. This will help your child grow in understanding and appreciation for Thanksgiving.

Have a blessed Thanksgiving. We are thankful for all our precious Faith Fellowship Academy families.

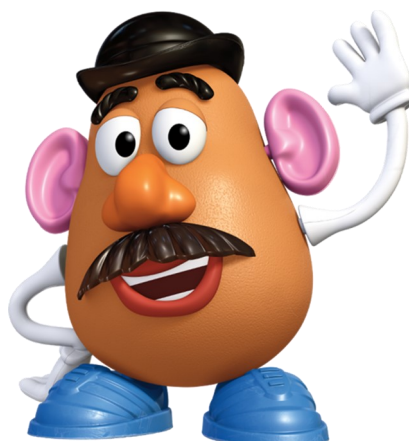

In His love,

Ms. Carissa
Director

When I play, I can remember God made me in an amazing way.

Imagine getting a Mr. Potato Head toy, but the only thing he came with was a bunch of feet! You could stick feet where his eyes are supposed to go or where his ears are supposed to go, but that would just get boring after a while. Mr. Potato Head is fun, because he has lots of different options for his eyes, ears, mouth and head. Paul teaches us that everyone in the church is a part of the Body of Christ. Just like our body has a lot of different parts that all work together, the church does too. People are all different, but God wants to use everyone's unique gifts and abilities.
