Reminders

We're so proud of how our friends are growing! At school, we're working on children doing their morning routines on their own, such as hanging up their backpack and getting their lunchbox out. At home, you can help by encouraging independence-simple things like putting on shoes, cleaning up, or packing a backpack go a long way. Practicing fine motor skills through coloring, ripping, or building, and helping your child recognize and write their name, also builds confidence and readiness school. Thank you partnering with us to set your child up for success!

Please bring in your individual, prepackaged, peanut free snacks. These items can be placed on the cart outside of the Academy office.
