VPK News

E is for Exciting!

We have an exciting week coming up in VPK! Students will be introduced to the letter Ee and will continue practicing the number 2. They will also compare objects in nature using the words bigger and smaller, and begin learning how to identify the sequence of a story by recognizing the beginning, middle, and end.

Here are some ways you can help at home:

- Point out the letter Ee in books, signs, or labels around the house.
- Practice counting to 2 by finding pairs of items (two shoes, two spoons, two toys).
- While reading together, ask your child what happened at the beginning, middle, and end of the story.
- Go on a short nature walk and compare items you find using bigger and smaller.

Exciting science fun ahead!

On Thursday, October 30th, a real-life scientist will visit FFA to lead a superhero-themed experiment for our VPK students.

Then on Friday, October 31st, it will be our turn to become scientists for Mad Scientist Day!

We encourage you to send your child dressed as a mad scientist (think fun wigs, goggles, or a lab coat). During the day, students will enjoy hands-on STEM activities in our classrooms as they explore the exciting world of science.

Dates to Remember

10/1 Dance with Ms. Gabby and Ms. Courtney
10/3 Show and tell for letter E

Star of the Week

Cooper Cassidy	Betsie Allison
Haygen Ashley	Finley Hauck

Stars of the week are chosen for having good character. We look for students who are kind, honest, respectful, and cooperative. We also look for students who try their best. Stars of the Week have the important job of being the line leader in their classroom. They will also bring a poster home to create that will hang in our classroom for the week. They may bring a special snack to share with the class on Friday.

Reminders

On days when we have dance or Coach Reed, please make sure your child comes dressed appropriately in sneakers and comfortable clothing, such as shorts or athletic wear.
